A.B.L.E. Club Southwestern College

To unify students at Southwestern College and to connect, interact and talk about new ideas and personal experiences with other students and faculty

- To offer students a chance to take a more ACTIVE role on issues pertaining to students with disabilities
- To provide DSS (Disability Support Services) and Campus information to all students
- To fundraise for disability equipment, scholarships, and club activities.

San Diego Air Cooled

Is a club of vintage Volkswagen owners. We are a family oriented, inclusive, and meet weekly to socialize. We evolved from our predecessor Tijuana Air Cooled, and both chapters attend car shows and charitable events throughout the year. We are a member of the San Diego Car Club Council.
