Assemblyman Travis Allen (R-Huntington Beach) is seeking an initiative to repeal gas tax and vehicle fee increases signed into law by Gov. Jerry Brown that will raise \$5.2 billion annually for road repairs and mass transit. Allen filed papers with the state attorney general Thursday to prepare a ballot title and summary so he can work to collect 365,000 signatures from registered voters in 150 days to put the measure on the ballot.

He noted that the bill signed by Gov. Jerry Brown will raise taxes on a gallon of gas by 12 cents on Nov. 1, while adding 20 cents per gallon to the tax on diesel. It also will create new vehicle fees.

“Jerry Brown’s decision to push through the largest gas tax increase in California’s history without the approval of voters demonstrated a complete disregard for ordinary Californians,” Allen said. “This ballot initiative will correct

Brown’s failure and allow the people of California to decide for themselves if they want to raise their taxes.” Others, including the Howard Jarvis Taxpayers Assn., also have been discussing possible initiatives to repeal the gas tax. When Allen collects enough signatures, the initiative will be placed on the November 2018 ballot.

The gas tax and registration fee increases will be hard on low income Californians and folks on fixed incomes. In addition, the increase in the fuel taxes on diesel will cause the prices everything to increase, groceries, clothes, staple items, will all cost every Californian more.

It has been reported that there is more than enough money to fix the roads and infrastructure provided that the money isn’t diverted as it has in the past decade.

Every Californian that drives a vehicle will be affected and every Californian needs to sign the petition!
